Whether you are an expert or a cycling enthusiast, Corsica is **THE destination to practice your passion!** Let yourself be tempted by the GT 20 experience, the cyclotouristic itinerary of the Island of Beauty.

From Bastia to Bonifacio or vice versa, you will appreciate the blue shades of the seaside and fall for the authentic villages with their quirky interior. You will have the chance to taste locally sourced products and share them with the producers directly. Take in and immortalize the most scenic mountain and ocean landscapes along with exploring the island's heritage rich in history.

During this scenic route, and reserved for all types of cyclists, you will come across the **10,000 meters** of cumulated difference in altitude. With a normal bicycle or electric bike, you will ride the **600 km** island from north to south in **12 stages**.

Count between 5 to 8 days for an intermediate level and a slightly longer trip for beginners who will opt for a slower pace.
